TO THE TRADE

IT is with pleasure we present to tne trade a New, Revised and Complete CATALOGUE of MANUFACTURED STATIONERY and STATIONERS' SUNDRIES. We have endeavored to make it as complete and comprehensive as possible; but as new lines are being continually added to the extensive range of goods which we manufacture and carry, it is impossible to enumerate in a catalogue everything embraced in our large and varied stock.

Rags and Pulp

Are the raw materials chiefly used by paper manufacturers; paper is the finished article produced and sold by paper mills to manufacturing stationers and other users of paper.

Manufacturing Stationers

Usually buy the paper which they use from the paper mills. The finished product of the mills thus becomes the raw material with which they begin the process of manufacturing their goods.

We are Manufacturers of Paper

As well as manufacturing stationers. The raw materials with which we begin are the Rags, Pulp and other ingredients used in the manufacture of paper—our finished articles are the goods produced in our Factories, which are the largest and most perfectly equipped of their kind in Canada, and rank amongst the largest on the continent.

Our Bindery

Is thoroughly equipped with the newest modern, up-to-date labor-saving machinery, and has every facility for turning out every kind of Blank Book, from the cheap Pocket Memo. Book to the finest full bound Bank Ledger, at the lowest possible cost. We carry a large variety of Blank and Memo. Books in stock, and are also prepared to furnish estimates for making special Books of any kind.

Writing Tablets

We make the greatest variety of Tablets produced by any house in Canada. They are padded by the "Perfect Process," which permits a sheet to be taken from any part of the Tablet without injuring it. The Cover Designs are artistic and attractive, and the prices close.

Our Envelope Factory

Is fully equipped with the best and fastest machines procurable. Its output capacity is over a million envelopes daily, and we can make almost every conceivable size of Envelope, from the smallest Coin or Drug to the largest Official, Catalogue or Pamphlet size. Special sizes made to order.

Papeteries, Visiting Cards, etc.

We manufacture an extensive range of Papeteries, Visiting Cards and Boxed Writing Papers with Envelopes to match—choice goods at reasonable prices. Imported lines can't compare with them in value. Our constant aim is to turn out nice, handsomely put up lines at prices that will attract trade. We make all the most fashionable shapes of papers and envelopes in demand.

The Dealer Who Buys Right

Buys at first hands, and from the manufacturer who is in a position to turn out goods at the lowest possible cost of production and who sells at the closest prices.

We Are First Hands

Rags and Pulp are the raw materials used by us. The goods made in our factories are the finished product we turn out. No need to enlarge on this. It will readily be seen we are First Hands in every particular.

SAMPLES AND QUOTATIONS FOR SPECIAL LINES OF ANY KIND PROMPTLY FURNISHED ON APPLICATION.

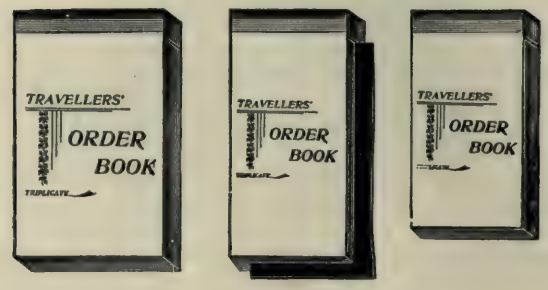
Travellers' Order Books



DUPLICATE OR TRIPLICATE

With Supply of Carbon Paper

These books are made from paper of moderate thickness, giving a perfect duplicate or triplicate copy, without the use of Oiled Manifold Papers, which invariably smell, and soil whatever they may come in contact with

Free Display Stand of Writing Tablets

Handsomely Polished Golden Oak Finish Display Stand, 28 inches wide, 20 inches high, and 13 inches deep. Holds 64 Tablets when arranged as shown in cut

This article is not only an ornament in a Stationery Department, but is very valuable in helping to display and sell Writing Tablets

WE GIVE THIS DISPLAY STAND FREE

With an assortment of $25 worth of Tablets

This assortment can be selected any way desired from our regular list of Tablets, exclusive of Pencil and Examination Pads

We put up a regular $25 assortment, containing 360 Tablets selected from our very best selling lines

Writing Tablets

Our Writing Tablets are padded by the "Perfect Process," the most perfect padding process known. A sheet may be removed from any part of a pad without injuring it

The following is only a partial list of the extensive variety of these goods that we manufacture, to which new lines are constantly being added. The covers have beautiful artistic designs
All plain or unruled Tablets are furnished with black guide lines

Paper is Superfine White Wove, Velvet Finish; Tablets are made in three sizes, Commercial Note, Ladies' Letter and Letter, all plain

Price per 100 Tablets

	Coml. 8vo	Ladies' Letter	Letter
100 Pads, All One Size	$15 00	$18 00	$20 00
200 Pads, Assorted Sizes	12 50	16 00	17 50
300 Pads, Assorted Sizes	11 00	14 50	16 00
400 Pads, Assorted Sizes	10 00	13 50	15 00
500 Pads, Assorted Sizes	9 50	13 00	14 50
1000 Pads, Assorted Sizes	8 50	12 00	13 00

To the above prices must be added the cost of four half-tone cuts to print the views from. As many dealers already have half-tone cuts of their own local views, these can be used and save the cost of providing new ones.

If new half-tone cuts have to be made, four are required, costing $2.00 each; they belong ther. to the customer ordering them. All we require to make up these cuts are four photographs.

Each sheet in pad contains a view and the title of the same printed under it. On first sheet is view No. 1, on second sheet view No. 2, on third sheet view No. 3, on fourth sheet view No. 4; then view No. 1, and so on. In centre of cover a view is also printed.

Writing Papers

It is only possible to catalogue some of our leading brands, such as are in every-day demand. Our Stock of Writing Papers, in every grade, is large and complete, and new lines are constantly being produced.

When a specific weight is mentioned, it means the weight of the flat paper, less the usual allowance for cutting and trimming.

GAGE'S "CENTRIC"

Loose Leaf System Note Books

FOR SCHOOLS AND COLLEGES

(Patented 1909)

Convenient **Economical** **Systematic**

ADVANTAGES

1. Having in use one book instead of a number of Note Books.
2. Having on file, classified and indexed, all notes on one subject.
3. Being able to revise, expand or discard parts without re-writing the whole.
4. Providing an easily held Note Book in convenient form for lecture room.
5. Enabling teachers to inspect work on detached leaves without retaining books.
6. Permitting teachers to see that notes are properly kept and arranged, not possible with ordinary loose sheets.
7. Saving waste of partly unused books.
8. Having an easily adjusted "Centric" Binder that can be opened or closed by simply partially turning a button.

Loose Leaf System Note Books

THE SIMPLEX LOOSE LEAF SYSTEMS

In this Catalogue will be found illustrations and full particulars of our

LOOSE LEAF SYSTEMS

For merit, quality of materials and construction they have no superiors.

An examination of the following pages will be of interest to those who appreciate that the modern systematic way of keeping accounts is a profitable factor in conducting any business.

* * *

HOW TO ORDER

To avoid errors, kindly specify the following points:

Always use designating name and number.

When ordering special sheets give exact size (outside dimensions), and send sample sheet when possible.

State which side of sheet is Binding side, that is, the one on which holes are punched.

If special punched sheets are required, give designating number of punch holes. (See page 149.)

THE "SIMPLEX"

Loose Leaf Ledger

THE GREATEST SIMPLICITY, STRENGTH AND DURABILITY

The backs are of 3-ply birch wood covered with leather. The hinges are of steel and are solidly riveted to both the wood part and metal back.

The mechanical principle is the simplest and most effective of all loose leaf ledgers, and is controlled by a lock operated at either end by a crank key. There are no chains, springs or cogs to get out of order.

A few turns of the key are sufficient to fully expand the Ledger, allowing the easy removal or insertion of sheets. A few turns in the opposite direction draw the covers together, and the sheets are bound as securely as if sewed in the old method.

Sheets are held with absolute security, and none can be removed without mutilation unless lock is unfastened.

Stock Sizes:

No.	*Size of Sheet	Thickness of Back	Expands to	Capacity. Min.—Max.	Outside Posts, Centre to Centre		Price
900	9¼ x 11⅞	2 inch	3¼ inch	400—600 leaves	7 inch.	⅜ inch. diam.	$7 00
902	do	3 inch	4½ inch	600—800 leaves	do		8 00
904	11¼ x 11⅞	do	do	do	do		9 00

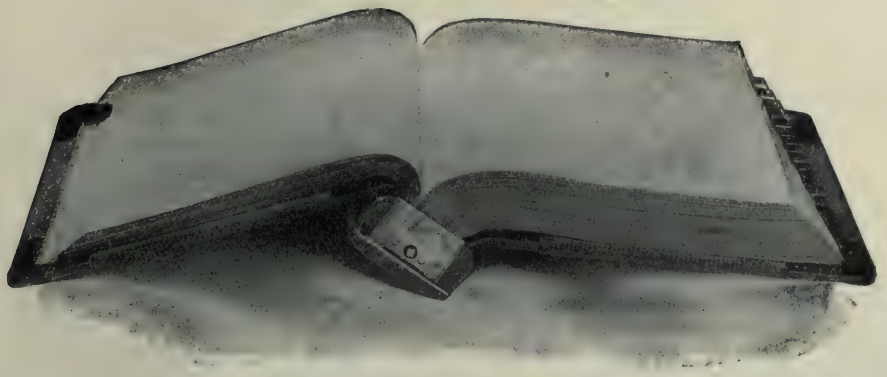
*First figures denote Binding side. Prices do not include Insides.

All above are bound in Corduroy and Russia. Ascertain the minimum number of accounts your Ledger must accommodate and order accordingly. It is best to run 400 to 500 accounts to a book. With each of above Ledgers we supply, *free of charge*, a leather label, size 5 x 3¾, not attached to book, which can be returned to us, and we will print, free of cost, with any name desired, and return to purchaser.

Special Sizes made to Order

THE "SIMPLEX"

Loose Leaf Ledger



OPEN VIEW OF LEDGER

Round Backs—Prevents scratching of the desk.

Leather-Covered Backs—Allowing of lettering with title, name, etc.

No Exposed Metal Parts—Cannot scratch the desk.

Covers—Made of highest grade binder's board, built up, bevelled and round cornered, bound in best corduroy and Russia, gold tooled.

Posts—Stock lines furnished with three posts. Special Ledgers made to order, with any number of posts, any diameter, to fit any size sheet.

INSERTING A SHEET

There is no difficulty in inserting additional sheets in the "Simplex" Ledger. The ease with which this is accomplished is shown above.

*First figures denote Binding side.

No. 910 Index is used for the Transfer Binders, or where a cheap Index is desired.

"Merchandise" and "Expense" are two separate sheets, used with Ledger to keep by themselves "Goods Purchased" and "General Expense" accounts, and are not included with regular Index.

Index contains 26 alphabetical leaves, ruled in double columns, with spaces for No. of account, name and address, with printed headings.

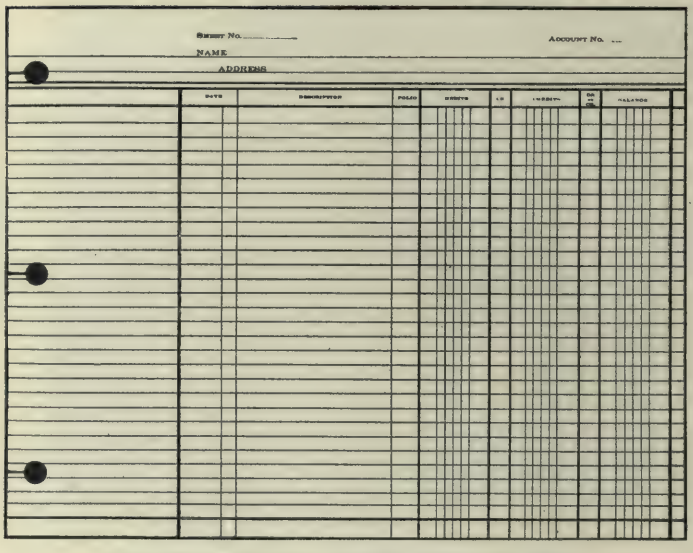
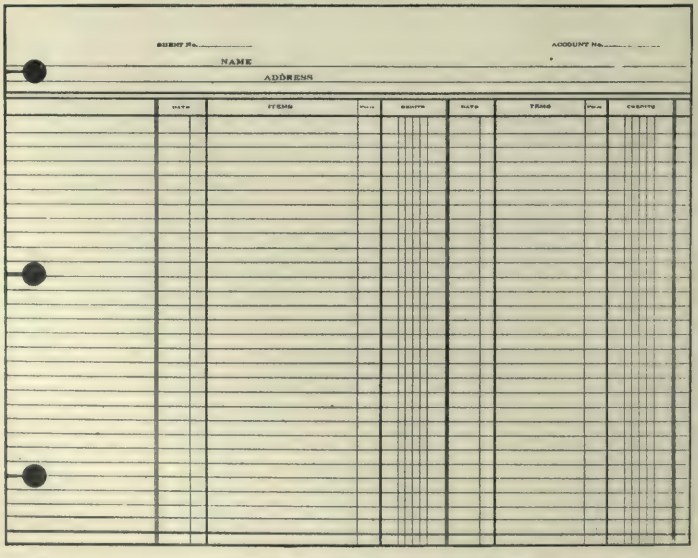
LEDGER SHEETS



Ledger Sheet, Dr., Cr. and Bal. Ruling, No. 900/10



Ledger Sheet, Extra Debit Ruling, No. 900/20

Our standard forms of ruling, and those which we consider the best for general purposes.

A medium weight of Ledger paper is used in order to accommodate as many sheets as possible under one cover, yet giving the greatest strength. Sheets are finely ruled and made with printed headings; and each kind is supplied in two styles, viz., "Ordinary," in which the rulings run the same way on both sides of the page, and "Reverse," in which the rulings run the opposite way. The "Reverse" sheets are only required when this book is used as a Combination Ledger and Day Book. Sheets are creased, enabling them to lie flat. Special patterns ruled and printed to order.

THE "SIMPLEX"
Loose Leaf Systems
(Continued)

LEDGER SHEETS

Ledger Sheet No. 904

Sundry Ledger Sheet for Nos. 900, 902

Our Standard Form of Ruling for this Book

Made of an extra quality of Ledger paper, medium weight. Sheets are finely ruled with columns for Debits and Credits; and a Balance column for each, and creased, making them specially suitable for commercial and manufacturing establishments. Special patterns ruled and printed to order.

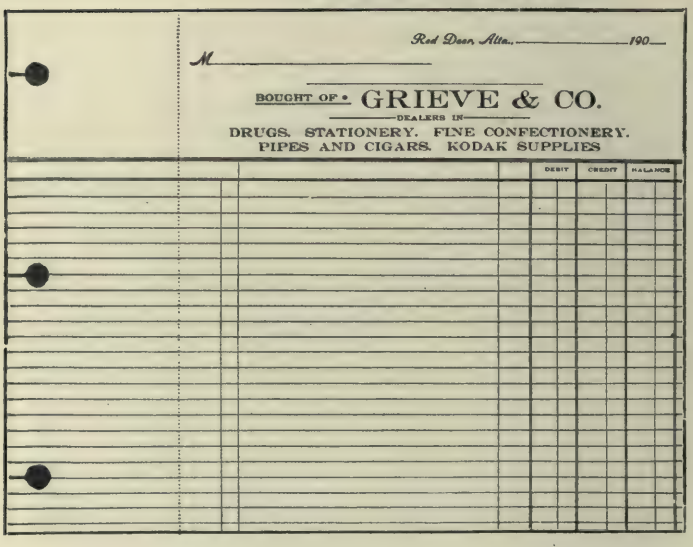
Each sheet is divided into three sections for keeping small accounts economically. Same quality and style as our regular Ledger Sheets.

THE "SIMPLEX"

Loose Leaf Systems

(Continued)

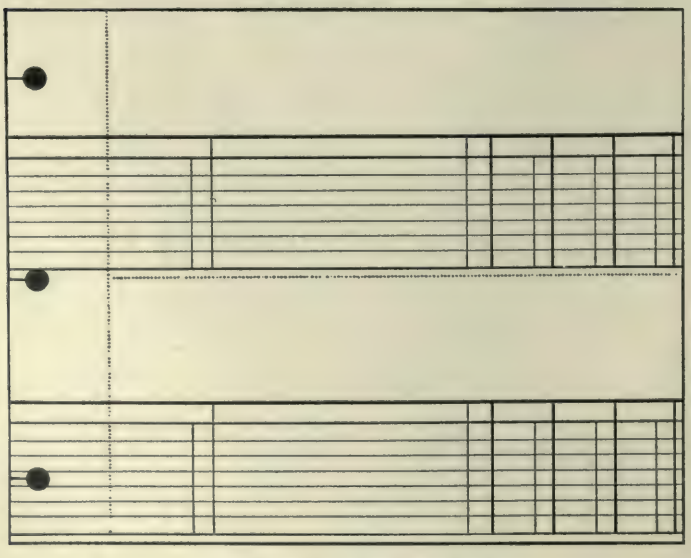
ACCOUNT SHEETS



Account Sheet Ruling, One on

Made from medium weight Bond paper, and stocked in White and Azure, ruled with three columns, which can be used for Debits, Credits and Balance, or any other way if preferred.

With each ream is included a supply of best quality Carbon paper for use with either pen or pencil.



Account Sheet Ruling, Two on

Same as above, but made with two accounts to a page. White or Azure Bond paper. Special ruled Account Sheets made to order, plain or printed.

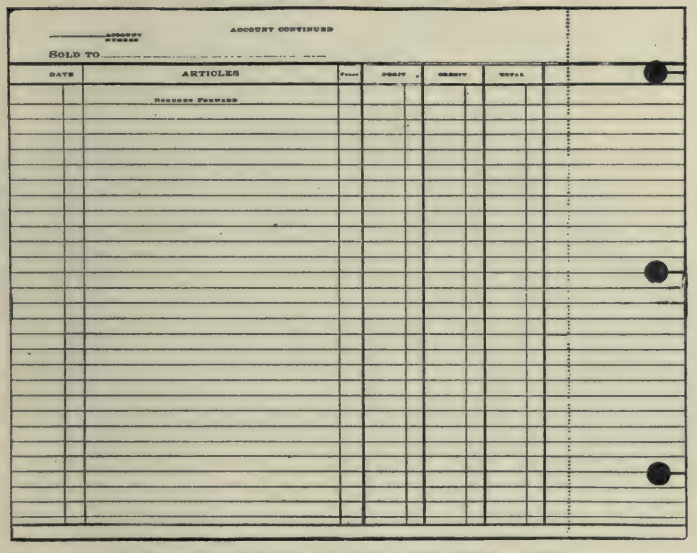
Business heading is printed in the blank spaces.

THE "SIMPLEX"

Loose Leaf Systems

(Continued)

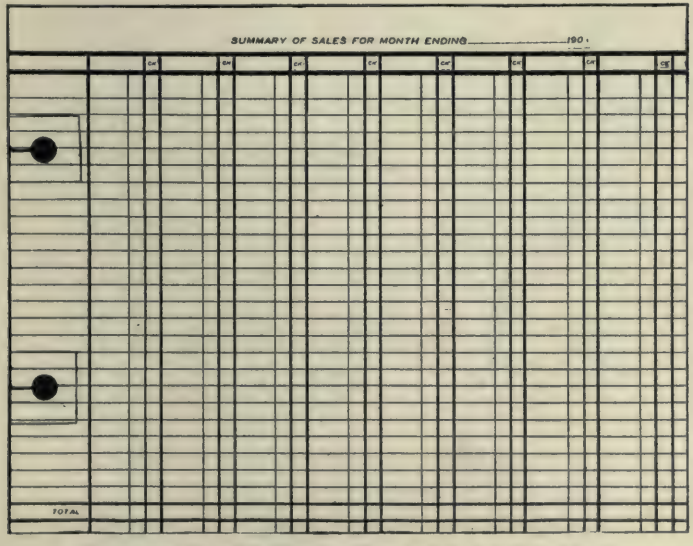
ACCOUNT SHEETS



Follow Sheet Ruling for Nos. 900, 902 and 904

Made in "one account" only, White or Azure Bond paper.

This sheet is used for the purpose of continuing an account when all the items cannot be put on the original sheet, and the carbon copy from this is made on the reverse side of the duplicate sheet.



Summary Sheet Ruling for Nos. 900, 902, 904 and 960

These sheets are used in the Transfer Binders for making up the totals of the month's sales.

SECTIONAL POST LEDGER OR BINDER

Ledger or Binder No. 910

Bound in Corduroy and Russia and made of the same quality of material as our "Simplex."

The mechanism is a rotary wedge lock, opened with a key, with two sectional posts, ⅜ inch diameter, finished with knob at top; these sections can be built up to a height of six inches as required.

The sheets are held with perfect security and when binder is unlocked can be removed or others inserted with ease.

For those who desire a cheaper Ledger than our "Simplex" we recommend this as having no superior.

Prices

No.	Description	*Size Sheet	Posts	Price
910	Corduroy and Russia.....	9¼ x 11⅞	2 ⅜ inch, 7 inches centre to centre	$3 75
912	Canvas and Leather	do		2 25

* First figures denote Binding side. Prices do not include Insides.

For price list and description of Indexes and Sheets, see pages 131 to 135, as the Indexes and Sheets for No. 900 are interchangeable and can be used for Nos. 910 and 912.

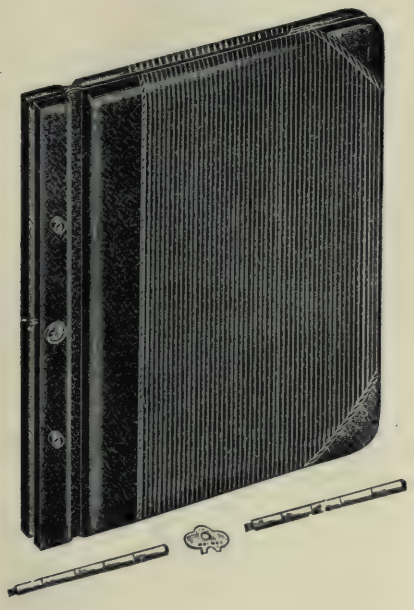
Special sizes of above Binders made to order.

THE "SIMPLEX"

Loose Leaf Systems

(Continued)

ACCOUNT SHEET OR INVOICE BINDERS



Binder No. 955

These Binders are used for holding Account Sheets and Duplicates, and when starting the book it is made up in this manner: An Account Sheet, followed by a Duplicate for each account to be opened, is put in under the proper index letter. The items are posted from the Counter Check Book or Blotter to these sheets, and when account is to be rendered this is totalled, the sheet detached at perforation and sent to customer, and the Duplicate filed away, the total first being entered in Ledger. Then fresh sets of sheets are inserted for next month's business.

These Binders are made in two styles:

Corduroy and Russia—Made of best grade Binder's Board, bevelled and round cornered, Russia gold tooled.

Canvas and Leather—Bound in high grade Canvas, with leather corners.

Both styles are fitted with a wedge lock operated by a key, and are furnished with two sectional posts ⅜ inch diameter, which can be built up to a height of six inches as required.

THE "SIMPLEX"

Loose Leaf Systems

(Continued)

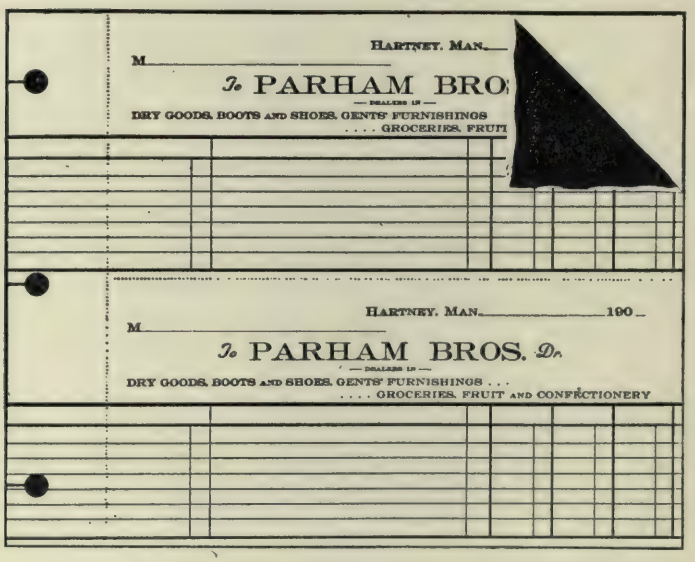
THE BILL AND CHARGE SYSTEM



Account Sheet, Two on, Printed

A modern business "short cut" eliminating entirely a slow and expensive operation heretofore necessary.

One of the simplest yet most efficacious uses of the Loose Leaf System.

In this method, by the use of carbon paper, both Bill and Day Book entry are made at one writing, a perfect copy being produced on the duplicate sheet. The items are written in day by day from Counter Check Book, or Blotter, and at end of month are totalled up; this gives the customer an itemized bill and statement combined.

These bills are then torn off at the perforations and sent to customers; then, the totals having been transferred to the Ledger, the duplicates are taken off and filed in the Transfer, and amounts entered on the Summary Sheet.

The Bill and the Charge will always be identical, as the Bill is an exact copy of the Charge.

The Bill and Charge System is used with all our Loose Leaf equipments.

THE "SIMPLEX"

Loose Leaf Systems

(Continued)

INSTRUCTIONS FOR USING

Combined Ledger and Account Book—Index is placed in book, and between Index leaves a supply of "Reverse" Ledger Sheets, each followed by an Account and Duplicate Sheet, so as to have a set of these three Sheets for each Account—Ledger Sheet on left-hand side, and Account Sheet facing it on right-hand side; and under each Index letter insert a Sundry Ledger Leaf for small accounts; this does not require Account Sheet or Duplicate.

At back of book place the Merchandise and Expense Index tabs, with a small supply of Ledger Sheets for each. These are for entering goods purchased, and general expense accounts, and do not require Account or Duplicate Sheets.

Items are posted direct from Counter Check Book or Blotter day by day until ready to render account, when the account is totalled and the amount entered on Ledger Sheet opposite.

The Account Sheet then is detached and sent to customer, and the carbon copy record on Duplicate is filed away in Transfer, then new sets of Account and Duplicate Sheets are inserted where required.

The Follow Sheets are used where an account cannot be all put on the regular sheet, and instead of using another one of the latter this Follow Sheet is inserted; it copies on the reverse side of the Duplicate Sheet.

Transfer Binders are made in different styles of binding and are used to file away the Duplicates of the monthly accounts, and also the Ledger Sheets when completed. Indexes are supplied for them, and also Summary Sheets for making up the totals of the month's sales.

We carry in stock two sizes of Combination Ledger and Account Books, viz., No. 900 System holding sheets size 9¼ x 11⅞, and No. 904 System holding sheets size 11¼ x 11⅞.

Regular Ledger—Index is placed in the book, and then a sufficient supply of "Ordinary" Ledger Sheets, with a Sundry Ledger Sheet under each letter, and at back of book a Merchandise and Expense Index tab and a few sheets for each.

With this Ledger the Account Sheets and Duplicates are not placed in the book, but are kept in a Separate Binder, Nos. 950, 955, 960, or 965.

The totals are posted from the Account Binder to the Ledger, and the Account Sheet is then sent to the customer.

Wholesale Ledger—Simplex Ledger No. 904 is intended for use by wholesale and manufacturing firms who require a larger book.

The sheets are made of the best quality of Ledger paper, are larger in size, and more are contained in the book.

We specially recommend this Ledger for use by large mercantile concerns.

We will print and rule any form of special sheets to order.

THE "SIMPLEX"

Loose Leaf Systems

(Continued)

METHOD OF HANDLING LOOSE LEAF LEDGER ACCOUNTS

This differs in no way from that employed with the ordinary bound Ledger, except that only one account appears on a page. Each account is given a sheet, and debits and credits are posted until the sheet is full, when the reverse side of the sheet is used for the same account until it also is full. The balance is then posted on a new sheet which is inserted in the Ledger, and the completed sheet put in the Transfer Binder in the same relative position it had in the Ledger.

Should a period elapse during which no entries are made in an account, it can be placed in the Transfer and returned to the Ledger if it becomes active again. This frees the Ledger of all "dead wood," making it much less cumbersome than the old style of bound books.

Indexing

Sheets are placed in the Ledger following their Index letter and numbered as follows: The first account under **A** is No. 1, and follows directly the **A** Index Sheet. The second account under **A** is No. 2, and follows directly No. 1 Account Sheet. The first and second accounts under **B** are also Nos. 1 and 2, and follow the **B** Index Sheet, and so on through the Ledger. The names with their account numbers are entered on the Index Sheet for that letter. For example, the figures 10 entered in the folio column of the Account Book opposite an item charged to J. Smith would signify the item had been posted in the Ledger to the 10th account under **S.** When J. Smith's account fills the sheet allotted to him, the completed sheet is placed in Transfer, and the new sheet will still be the 10th under **S,** but sheet No. 2 of that account.

The Old Versus the New Way

The old way is a waste of time, energy and money; the new way is economical, rapid and accurate. There is no comparison between the old way of first entering the items in a Day Book, making out a separate bill, then posting from the Day Book to the Journal, and from the Journal to the Ledger—and the new way of simply making out the bill and entering the charge, both at the same time, either with pen or pencil, and posting direct to the Ledger.

LOOSE LEAF OUTFITS

Suggestions for Original Order

Outfit No. 1—Combination Ledger and Account Book all in one Book

For Sheet Size 9¼ x 11⅞

1 Ledger, No. 900 (leather label free)	$7 00
1 Index, leather tabs, No. 900	1 50
1 Transfer, No. 924 (for Account Sheets)	1 50
1 Index, duck tabs, No. 910 (for Transfer)	1 00
1 Ream (500) Assorted Ledger Sheets, 400 Reverse, 100 Sundry	3 00
1 Set Merchandise and Expense Sheets	0 30
1 Ream (500) Account Sheets, 1 on (Carbon Paper free)	1 00
1 Do do 2 on do do	1 00
2 Reams (500) Canary Bond, Duplicate Sheets	1 50
100 Follow Sheets	0 35
Printing 2 Reams Account Sheets with customer's name, etc	2 40
Total	$20 55

Outfit No. 2—Ledger and Account Book Combined

For Sheet Size 11¼ x 11⅞

1 Ledger, No. 904 (leather label free)	$9 00
1 Index, leather tabs, No. 904	1 75
1 Transfer, No. 918 (for Account Sheets)	1 20
1 Index, duck tabs, No. 918 (for Transfer)	1 25
1 Ream (500) Assorted Ledger Sheets, 400 Reverse, 100 Sundry	5 20
1 Set Merchandise and Expense Sheets	0 30
1 Ream (500) Account Sheets, 1 on (Carbon Paper free)	1 50
1 Do do 2 on do do	1 50
2 Reams (500) Canary Bond Duplicate Sheets	2 40
100 Follow Sheets	0 50
100 Summary Sheets	0 60
Printing 2 Reams Account Sheets with customer's name, etc	2 40
Total	$27 60

Do not Overlook the fact that when using the printed Account Sheets for either No. 1 or No. 2 Outfits you save the expense of printed Bill Heads and Statements, which were necessary under the old system of making out accounts.

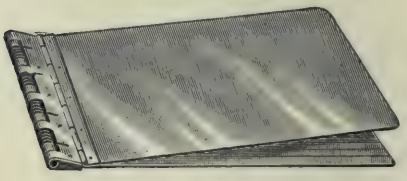
LOOSE SHEET HOLDER

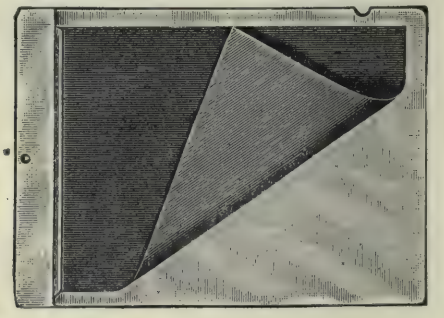


No. 309

The best general utility holder made. The covers are of tough binder's board of extra quality, covered with high-grade binder's cloth. A flexible hinge permits the cover to lie absolutely flat when open. It holds with equal security one or fifty sheets. The back is of aluminum, with steel reinforced spring, which extends entirely across the sheet.

Holds a sheet, size 9½ binding side x 12, price $1.40 each.

CARBON SHEET HOLDER



Used in Connection with Loose Leaf Systems

This device is used for holding Carbon Sheets, preventing them from tearing as well as from being misplaced. The holder gives a hard, smooth writing surface, insuring clear copies.

It is made of Press Board, with rounded corners and a detachable spring, which holds the sheets absolutely fast.

No.	For Sheet	Price

VENUS DRAWING PENCILS

THE PERFECT PENCIL - AMERICAN VENUS DRAWING.

This is perfection in pencil making. It is made in seventeen grades, 6B, the softest to 9H the hardest. A grade suitable for every possible use to which a pencil can be put---for artists, architects, engineers, draftsmen and above all for commercial use. The lead is particularly smooth and tough---one of these pencils outlasting three of the ordinary pencils. Its reliability is established, for the grades never vary.

The pencil is hexagon finished in a reddish-brown, with a green water-mark giving it richness and tone. Packed one dozen in a strong handsome box. We can supply it in any grade desired and guarantee entire satisfaction.

VENUS DRAWING PENCILS $9.60 Per gross

Fountain Pens

MOORE'S NON-LEAKABLE FOUNTAIN PENS

"THE CLEAN-TO-HANDLE"

Of Interest to Dealers in Fountain Pens

Moore's Non-Leakable Fountain Pens being constructed upon entirely different principles from other Fountain Pens, are, without doubt, the nearest perfection of any ever manufactured. All the undesirable features of other Fountain Pens have been eliminated. Every person that has carried a Fountain Pen realizes the necessity of carrying it in the pocket POINT UP, as directed, or their clothing will soon be badly soiled with ink, also their hands when using it. NOT SO WITH THIS PEN ; it being AIR and INK TIGHT, it can be carried in ANY POSITION in ANY POCKET when filled with ink, and cannot leak—a feature which Fountain Pen users fully appreciate. Ladies can carry them in their purse or hand-bag with perfect safety, which they cannot do with other styles of Fountain Pens. The superior finish and lustre of these Pens is very noticeable when compared with others, made of cheaper stock.

Every Pen guaranteed as represented, or money refunded.

We are Sole Selling Agents in Canada

We wish to call your attention to the following claims which we guarantee :—

1. That the pen is filled without unscrewing the section, or pulling out the pen, thus avoiding soiling the fingers with ink when filling.
2. That the pen is drawn back into the barrel or reservoir after using, and when the cap is turned on is absolutely AIR and INK TIGHT.
3. That it can be carried in any position in any pocket and cannot leak.
4. That it is the ONLY clean-to-handle pen made.
5. That the pen is always ready to write the instant it touches the paper.
6. That the barrel being AIR TIGHT, the ink never thickens or dries up, and if the pen is not used for a year, it writes just as readily.
7. That we have the ONLY desirable Fountain Pen IN THE MARKET for LADIES' USE.
8. That our "Tourist" or Military Pen is the best pen made for travellers' or military use.
9. That we use nothing but the highest grade gold pens.
10. That anyone can use this pen a lifetime and never soil their fingers with ink.
11. That we use pure gum rubber, and the superior finish and lustre on our holders is very noticeable when compared with others made from common stock.

It wont leak

PREMIER FOUNTAIN PENS—NEW STYLE

A Series of High-Class Fountain Pens with Twentieth Century Feed

Much superior in every respect to any Fountain Pens hitherto offered at similar figures

In material and skilled workmanship they are perfect, and are designed to meet the popular demand for modern high-grade Fountain Pens at reasonable prices

The Holders, which are of a modern pattern, have a good ink capacity, and the new Twentieth Century Feed of these pens has been constructed upon the best known scientific principles, which allow for the most even and ready flow of ink that is known. The Pen Points are all warranted 14-k. solid gold, and are carefully selected with a view to smoothness and flexibility

Every pen fully guaranteed to give satisfaction or money refunded
